### WORK EXPERIENCE

#### Software Developer

Jun 2025 - May 2026

Sabai System Co., Ltd., Chiang Mai

- Delivered client workflow systems, dashboards, and business tools across several project teams.
- Contributed key parts of the LVMH Sales Contract Approval System for the sales department, centralizing approvals, documents, email notifications, and data synchronization.
- Helped reduce manual approval work and operating costs by improving contract visibility, approval flow, document handling, and handoff between systems.
- Used React, Retool, PostgreSQL on GCP, DocuSign, Resend, SAP integration, and LVMH API services.
- Built key parts of the Pernod Ricard Off-boarding System for document storage, status tracking, email updates, and compliance steps.
- Designed database structure and workflow logic using Retool, Retool file storage, PostgreSQL, and Resend API.
- Built a visa agency system for application document and payment tracking, improving operational visibility and reducing manual coordination.
- Created business KPI dashboards with lead-source tracking, custom calculations, and interactive views.
- Built the public Villa Sabaijai website with Next.js and Vercel, focused on luxury villa presentation, direct booking, responsive layout, multilingual content, guest reviews, services, and clear contact paths.

#### Developer Intern

Jan - Apr 2025

Teibto Co., Ltd., Bangkok

- Modified and improved document and PDF generation modules within an ERP system using Oracle development tools.
- Worked with end users to debug issues and improve documentation accuracy.

#### UX/UI Designer

Jun 2022 - Mar 2024

Freelance

- Designed web and mobile interfaces across education and medical domains.
- Created wireframes and interactive Figma prototypes, then improved designs with usability feedback.
